

Programm Nachhaltigkeit und Technik / Program Sustainability and Technology

Veröffentlichungsliste

Stand: 7. September 2006 / Updated September 7th, 2006

Nähere Informationen über die jeweilige Veröffentlichung erhalten Sie über den [Suchmodus unserer Zentralbibliothek](#) / for more information please turn to the [search mode of Forschungszentrum Karlsruhe central library](#) (please enter up to 5 words (author, title, institute (imf (until 2004) or imf3 (starting 2005)), no special sequence required)

Das IMF III ist derzeit nicht im Programm Nachhaltigkeit und Technik tätig / at present IMF III does no research within the program „Sustainability and Technology“

Schroer, C.

Analysis of locally starting corrosion phenomena using mass change measurements.

Corrosion Science, 48(2006) S.546-63

Schroer, C.; Konys, J.; Novotny, J.; Hausselt, J.

Aspects of the corrosion kinetics for binary nickel-chromium alloys under conditions found in supercritical water oxidation plants processing chlorinated substances.

Corrosion, 62(2006) S.444-59

Schroer, C.; Konys, J.; Novotny, J.; Hausselt, J.

Material performance in chlorinated supercritical water systems. (eingeladen)

Corrosion-Resistant Materials for Extreme Conditions : Proc. of the Corrosion/2005 Research Topical Symp., Houston, Tex., April 3-7, 2005

Houston, Tex.: NACE, 2005 S.117-41

Schroer, C.; Konys, J.; Novotny, J.; Hausselt, J.

Corrosion in SCWO plants processing chlorinated substances: aspects of the corrosion mechanisms and kinetics for binary Ni-Cr alloys.

Corrosion 2004: 59th Annual Conf. and Exposition, New Orleans, La., March 28 - April 1, 2004

Houston, Tex.: NACE, 2004 Paper 00496/1-14

Schroer, C.; Konys, J.

Analysis of mass change data in cases of local corrosion.

Eurocorr 2003: The European Corrosion Congress, Budapest, H, September 28 - October 2, 2003

Schroer, C.; Konys, J.; Novotny, J.; Hausselt, J.

Corrosion investigations on binary and ternary Ni-Cr alloys in SCWO systems.

Proc. of Corrosion 2002, Denver, Colo., April 7-12, 2002

Houston, Tex.: NACE, 2002 Paper 02359

Schroer, C.; Konys, J.

Rauchgasseitige Hochtemperatur-Korrosion in Müllverbrennungsanlagen. Ergebnisse und Bewertung einer Literaturrecherche.

Wissenschaftliche Berichte, FZKA-6695 (Februar 2002)

Schroer, C.; Konys, J.; Novotny, J.; Hausselt, J.

Testing of binary and ternary Ni-Cr alloys for SCWO application.

15th Internat. Corrosion Congress, Granada, E, September 22-27, 2002
