

## Programm Mikrosystemtechnik / Program Microsystems Technology

### Veröffentlichungen des Jahres 2002 / Publications 2002

Ade, M.; Hausselt, J.

*Werkstoff- und Prozessentwicklung für die Herstellung von schwindungsfreien und elektrisch leitfähigen Compositkeramiken.*

Kriegesmann, J. [Hrsg.]

Technische Keramische Werkstoffe

63.Ergänzungslieferung - Keramische Werkstoffe - Mai 2001 Kapitel 3.6.4.3

Köln : Deutscher Wirtschaftsdienst (Loseblattsammlung)

Alm, B.; Knitter, R.; Hausselt, J.

*Alumina feedstocks for the fabrication of ceramic microcomponents.*

Junior Euromat 2002, Lausanne, CH, September 2-5, 2002

Bartelt, G.; Bauer, W.; Hausselt, J.

*Hot moulding of zirconia micro parts.*

Progress in Colloid and Polymer Science, 121(2002) S.19-22

Bauer, W.; Knitter, R.

*Development of a rapid prototyping process chain for the production of ceramic microcomponents.*

Journal of Materials Science, 37(2002) S.3127-40

Bauer, W.; Bartelt, G.; Knitter, R.

*Prototype manufacturing of ceramic microcomponents.*

104th Annual Meeting and Exposition of the American Ceramic Society, St.Louis, Mo., April 28 - May 1, 2002

Bauer, W.; Knitter, R.; Piötter, V.; Ruprecht, R.

*Pulverspritzgiessen keramischer Mikrobaueteile - Entwicklung von Prototypen- und Massenfertigungsverfahren.*

Nachrichten - Forschungszentrum Karlsruhe, 34(2002) S.229-35

Bauer, W.; Knitter, R.; Emde, A.; Bartelt, G.; Göhring, D.; Hansjosten, E.

*Replication techniques for ceramic microcomponents with high aspect ratios.*

4th Internat.Workshop on High-Aspect-Ratio Micro-Structure Technology (HARMST 2001), Baden-Baden, June 17-19, 2001

Microsystem Technologies, 9(2002) S.81-86

Bauer, W.; Bartelt, G.; Ritzhaupt-Kleissl, H.J.; Hausselt, J.

*Rheological properties of zirconia/paraffin feedstocks used for plastic forming of zirconia micro*

parts.

Euro Ceramics VII : Proc.of the 7th Conf.and Exhibition of the European Ceramic Society, Bruges, B, September 9-13, 2001

Ütikon-Zürich [u.a.] : Trans Tech Publ., 2002 S.329-32 (Key Engineering Materials ; 206-213)

Bauer, W.; Bartelt, G.; Knitter, R.; Risthaus, P.

*Shaping of ceramic microcomponents by low pressure plastic forming.*

Shaping II : Proc. of the 2nd Internat. Conf. on Shaping of Advanced Ceramics, Gent, B, October 24-26, 2002

Mol : Flemish Inst.f.Technological Research (Vito), 2002 S.315-20

Baumeister, G.; Holstein, N.; Piotter, V.; Ruprecht, R.; Schanz, G.; Guttmann, M.; Winkler, F.; Häfele, A.

*Herstellung metallischer Mikrobauteile unter Einsatz verlorener Kunststoffformen.*

Nachrichten - Forschungszentrum Karlsruhe, 34(2002) S.198-209

Baumeister, G.; Müller, K.; Ruprecht, R.; Hausselt, J.

*Production of metallic high aspect ratio microstructures by microcasting.*

4th Internat. Workshop on High-Aspect-Ratio Micro-Structure Technology (HARMST 2001), Baden-Baden, June 17-19, 2001

Microsystem Technologies, 8(2002) S.105-08

Baumeister, G.; Ruprecht, R.; Hausselt, J.

*Suitability of gold base alloy and bronze for microcasting.*

Materials Week 2002 : European Congress on Advanced Materials, their Processes and Applications, München, September 30 - October 2, 2002

Binder, J.; Klose, E.

*Entwicklung schwindungsfreier keramischer Werkstoffe durch Reaktionsbindungsverfahren im System Zr-Si-O.*

Abschlussbericht für das 'Hot Topics' Projekt 03N8621, TIB Hannover, 2002

Binder, J.

*KaVo Everest HPC: a new innovative material for dentistry.*

Internat. Soc.of Computerized Dentistry, FDI-Post Congress Conf., Wien, A, October 6, 2002

Binder, J.R.

*KaVo Everest HP-C: Zahnersatz aus einer schwindungsfreien Zirkonkeramik.*

KaVo Everest Kick-Off Event, Berlin, 12.-13.April 2002

Binder, J.R.; Ritzhaupt-Kleissl, H.J.; Hausselt, J.  
*Keramischer Zahnersatz aus einer schwindungsfreien Zirkonkeramik.*  
Dental Dialogue, 2(2001) S.682-85

Binder, J.R.; Ray, S.; Klose, E.  
*Schwindungsfreie Keramiken im System Zr-Si-O.*  
Kriegesmann, J. [Hrsg.]  
Technische Keramische Werkstoffe, 70.Ergänzungslieferung - Keramische Werkstoffe - Juli 2002  
Kapitel 3.6.4.4  
Köln : Deutscher Wirtschaftsdienst (Loseblattsammlung)

Gietzelt, T.; Jacobi, O.; Piotter, V.; Ruprecht, R.; Hausselt, H.  
*Development of a micro annular gear pump by powder injection molding.*  
PIM 2002 : The Internat.Conf.on Powder Injection Molding of Metals and Ceramics, San Diego,  
Calif., March 18-20, 2002

Gietzelt, T.; Jacobi, O.; Ruprecht, R.; Hausselt, H.  
*Herstellung verschleißbeständiger Mikroteile durch PIM.*  
Absolvententreffen Werkstoffwissenschaften, Technische Universität Dresden, 4.Oktober 2002

Göhring, D.; Knitter, R.; Risthaus, P.; Walter, St.; Liauw, M.A.; Lebens, P.  
*Gas-phase reactions in ceramic microreactors.*  
6th Internat.Conf.on Microreaction Technology : Conf.Proc., AIChE Spring Meeting, New Orleans,  
La., March 10-14, 2002  
AIChE Pub. No. 164 S.55-60

Günther, E.; Hausselt, J.; Linder, D.; Palionyte, J.; Ritzhaupt-Kleissl, H.J.  
*Exothermic metal oxidation - a method for the preparation of multicomponent oxide ceramic  
powders.*  
15th Internat.Congress of Chemical and Process Engineering, Praha, CZ, August 25-29, 2002

Hanemann, T.; Pfleging, W.; Hausselt, J.; Zum Gahr, K.H.  
*Laser micromachining and light induced reaction injection molding as suitable process sequence for  
the rapid fabrication of microcomponents.*  
Reichl, H. [Hrsg.]  
Microsystem Technologies 2001 : Internat.Conf.and Exhibition on Micro Electro, Opto, Mechanical  
Systems and Components, Düsseldorf, March 27-29, 2001  
Berlin : VDI Verl., 2001 S.321-26  
Micro System Technologies, 7(2002) S.209-14

Hanemann, T.; Ade, M.; Börner, M.; Motz, G.; Schulz, M.; Hausselt, J.  
*Microstructuring of preceramic polymers.*  
Advanced Engineering Materials, 4(2002) S.869-73

Hanemann, T.; Schulz, M.; Ade, M.  
*Mikrostrukturierung von präkeramischen Polymeren.*  
7.Arbeitstreffen Polymerkeramik, EMPA Dübendorf, CH, 22.Mai 2002

Hanemann, T.; Böhm, J.; Heidinger, R.; Hausselt, J.  
*New materials for polymer waveguides.*  
5th Internat.Symp.on Relaxation Phenomena in Dielectric, Magnetic and Superconducting Systems,  
Darmstadt, October 2-6, 2002

Hausselt, J.  
*Materialforschung am IMF III.*  
Votr.: Vakuumschmelze Hanau, 4.November 2002

Hausselt, J.; Ruprecht, R.  
*Mikrospritzgießen von Polymeren, Metallen und Keramiken. (eingeladen)*  
Materialforum Rhein-Main, Hanau, 4.November 2002

Hausselt, J.; Ruprecht, R.; Hanemann, T.; Zimmermann-Chopin, R.  
*Verfahren zur Herstellung von Klein- und Mikroteilen.*  
DE-OS 19 705 303 (22.1.1998)  
DE-PS 19 705 303 (27.5.2002)

Kaufmann, U.; Ritzhaupt-Kleissl, H.  
*Multicomponent ceramic heaters.*  
104th Annual Meeting and Exposition of the American Ceramic Society, St.Louis, Mo., April 28 -  
May 1, 2002

Klose, E.  
*Schwindungsfreie Keramiken und deren Anwendungen.*  
Materials Week 2002 : European Congress on Advanced Materials, their Processes and  
Applications, München, September 30 - October 2, 2002

Knitter, R.; Bauer, W.; Göhring, D.; Risthaus, P.  
*Ceramic microcomponents by rapid prototyping process chains.*  
Rennie, A.E.W. [Hrsg.]  
3rd Nat.Conf.on Rapid Prototyping, Tooling, and Manufacturing, Chalfont, GB, June 20-21, 2002  
London : Professional Engineering Publ., 2002 S.131-38

Knitter, R.; Bauer, W.; Göhring, D.; Risthaus, P.

*Comparison of different RP techniques used in rapid prototyping process chains for ceramic microcomponents.*

Meyer, R. [Hrsg.]

Euro-u Rapid 2002 : Internat. User's Conf. on Rapid Prototyping and Rapid Tooling and Rapid Manufacturing, Frankfurt, December 2-3, 2002

Magdeburg : Fraunhofer-Allianz Rapid Prototyping, 2002

Knitter, R.; Lurk, R.; Rohde, M.; Stolz, S.; Winter, V.

*Heating concepts for ceramic microreactors.*

Matlosz, M. [Hrsg.]

Microreaction Technology : IMRET 5 ; Proc. of the 5th Internat. Conf., Strasbourg, F, April 27-30, 2001

Berlin [u.a.] : Springer, 2001 S.86-93

Knitter, R.; Bauer, W.; Göhring, D.; Risthaus, P.

*RP process chains for ceramic microcomponents.*

Rapid Prototyping Journal, 8(2002) S.76-82

Merz, L.; Rath, S.; Plotter, V.; Ruprecht, R.; Ritzhaupt-Kleissl, J.; Hausselt, J.

*Feedstock development for micro powder injection molding.*

4th Internat. Workshop on High-Aspect-Ratio Micro-Structure Technology (HARMST 2001), Baden-Baden, June 17-19, 2001

Microsystem Technologies, 8(2002) S.129-32

European Congress and Exhibition on Powder Metallurgy (Euro PM 2001), Nice, F, October 22-24, 2001

Merz, L.; Rath, S.; Örylgsson, G.; Plotter, V.; Ruprecht, R.; Hausselt, J.

*Feedstock development for nitride ceramics in micro PIM based on  $Si_3N_4$  and TiN.*

World Congress on Powder Metallurgy and Particulate Materials (PM2TEC), Orlando, Fla., June 16-21, 2002

Moneke, M.; Amberg, J.; Holstein, N.; Guttmann, K.; Seemann, K.; Pfleging, W.

*Minaturized sensor for the measurement of temperatures in a mold cavity.*

ANTEC 2002 Plastics : Annual Technical Conf., San Francisco, Calif., May 7-8, 2002

Vol.1: Processing S.446-50

Society of Plastics Engineers, 2002

Moritz, H.

*Formeinsätze für die Mikrotechnik.*

Tagung 'Kunststoffe in der Medizintechnik', Würzburg, 24.-25.Juni 2002

Moritz, H.

*Werkstoffe in der Mikrotechnik.*

RICONE Seminar 'Kunststoff- und Mikrosystemtechnik', Prien, 5.-6.September 2002

Örlygsson, G.; Piotter, V.; Finnah, G.; Ruprecht, R.; Hausselt, J.

*Ceramic microparts by multi-component powder injection molding.*

Materials Week 2002 : European Congress on Advanced Materials, their Processes and Applications, München, September 30 - October 2, 2002

Pfleging, W.; Hanemann, T.; Bernauer, W.; Torge, M.

*Laser micromachining of polymeric mold inserts or rapid prototyping of PMMA-devices via photomolding.*

Sugioka, K. [Hrsg.]

Photon Processing in Microelectronics and Photonics, San Jose, Calif., January 21-23, 2002  
Bellingham, Wash.: SPIE, 2002 S.318-29 (SPIE Proceedings Series ; 4637)

Piotter, V.; Holstein, N.; Merz, L.; Ruprecht, R.; Hausselt, J.

*Methods for large scale manufacturing of high performance micro parts.*

3rd Internat.euspen Conf., Eindhoven, NL, May 26-30, 2002

Piotter, V.

*Micro injection moulding of polymers, metals, and ceramics.*

Injection Moulding 2002 Conf., Copenhagen, DK, October 24-25, 2002

Proc.on CD-ROM Vol.3 S.9.1-9.7

Copenhagen : Hexagon Holding ApS, 2002

Piotter, V.; Gietzelt, T.; Merz, L.; Ruprecht, R.; Hausselt, J.

*Micro powder injection molding. Current developments and perspectives. (eingeladen)*

1st Internat.Conf.on Materials Processing for Properties and Performace (MP3), Singapore, SGP,  
August 1-3, 2002

Piotter, V.; Hanemann, T.; Ruprecht, R.; Hausselt, J.

*Microinjection moulding of medical device components.*

Business Briefing - Medical Device Manufacturing and Technology 2002 S.63-66

Piotter, V.; Hanemann, T.; Müller, K.; Ruprecht, R.; Dittrich, H.; Heckeke, M.; Worgull, M.

*Mikroabformung in Kunststoff - von der Machbarkeitsstudie zur Vorserienfertigung.*  
Nachrichten - Forschungszentrum Karlsruhe, 34(2002) S.160-68

Piotter, V.; Müller, K.; Plewa, K.; Ruprecht, R.; Hausselt, J.  
*Performance and simulation of thermoplastic micro injection molding.*  
4th Internat. Workshop on High-Aspect-Ratio Micro-Structure Technology (HARMST 2001), Baden-  
Baden, June 17-19, 2001  
Microsystem Technologies, 8(2002) S.387-90

Piotter, V.; Gietzelt, T.; Merz, L.; Ruprecht, R.; Hausselt, J.  
*PIM enters microsystems technology.*  
P/M Science and Technology Briefs, 4(2002) No.1, S.18-23

Piotter, V.; Gietzelt, T.; Merz, L.; Ruprecht, R.; Hausselt, J.  
*Powder injection molding in micro technology.*  
World Congress on Powder Metallurgy and Particulate Materials (PM2TEC), Orlando, Fla., June  
16-21, 2002

Rath, S.; Merz, L.; Ritzhaupt-Kleissl, H.J.; Ruprecht, R.; Hausselt, J.  
*Ceramic feedstocks for micro powder injection molding.*  
Materials Week 2002 : European Congress on Advanced Materials, their Processes and  
Applications, München, September 30 - October 2, 2002

Risthaus, P.; Göhring, D.; Knitter, R.  
*A rapid prototyping process chain for ceramic microcomponents.*  
Euro Ceramics VII : Proc.of the 7th Conf.and Exhibition of the European Ceramic Society, Bruges,  
B, September 9-13, 2001  
Ütikon-Zürich [u.a.] : Trans Tech Publ., 2002 S.337-40 (Key Engineering Materials ; 206-213)

Risthaus, P.; Göhring, D.; Bauer, W.; Knitter, R.  
*Influence of feedstock preparation and sintering conditions on the microfabrication of ceramics by  
LP injection moulding.*  
Jahrestagung der Deutschen Keramischen Gesellschaft und der Nederlandse Keramische  
Vereniging, Eindhoven, NL, 21.-23.Oktober 2002

Ritzhaupt-Kleissl, H.J.  
*Keramische Mikrokomponenten.*  
Bezirksgruppentagung der Deutschen Keramischen Gesellschaft, Stuttgart, 3.Juli 2002

Ritzhaupt-Kleissl, H.J.; Binder, J.R.; Klose, E.; Hausselt, J.  
*Net-shape ceramic microcomponents by reaction bonding.*  
Ceramic Forum International, 79(2002) Nr.10, S.E9-E12

Ruprecht, R.; Gietzelt, T.; Müller, K.; Piotter, V.; Hausselt, J.  
*Injection molding of microstructured components from plastics, metals and ceramics.*  
Microsystem Technologies, 8(2002) S.351-58

Ruprecht, R.; Fischer, H.; Gerlich, A.; Guber, A.; Hanemann, T.; Pfleging, W.; Piotter, V.; Schüssler, A.; Wallrabe, U.; Weibezahn, K.F.  
*Mikrofertigung für die Medizintechnik: Ideen, Muster und Produkte.*  
Symp.'Kunststoffe in der Medizintechnik', Schloss Elmau, 23.-24.Januar 2002

Ruprecht, R.; Saile, V.; Hausselt, J.  
*Spritzgießen von Mikro-Komponenten aus Kunststoff, Metall oder Keramik. (eingeladen)*  
RICONE Seminar 'Kunststoff- und Mikrosystemtechnik', Prien, 5.-6.September 2002

Ruprecht, R.; Saile, V.; Hausselt, J.  
*Zukunftsmärkte, Verfahren und Produktideen in der Mikrosystemtechnik.*  
Fachtagung Mikrospritzgießen - Mikroformenbau, Würzburg, 16.-17.Mai 2002

Schulz, M.; Börner, M.; Göttert, J.; Hanemann, T.; Hausselt, J.; Motz, G.  
*New resist materials for deep X-ray lithography.*  
ANKA User Meeting, Karlsruhe, 16.-17.September 2002

Schulz, M.; Hanemann, T.; Hausselt, J.H.; Börner, M.; Göttert, J.; Motz, G.  
*Preceramic polymers in UV- and X-ray lithography.*  
Junior Euromat 2002, Lausanne, CH, September 2-5, 2002

Schulz, M.; Hanemann, T.; Hausselt, J.; Motz, G.  
*UV- and deep X-ray lithography on preceramic polymers.*  
Materials Week 2002 : European Congress on Advanced Materials, their Processes and Applications, München, September 30 - October 2, 2002

Wallrabe, U.; Dittrich, H.; Friedsam, G.; Hanemann, T.; Mohr, J.; Müller, K.; Piotter, V.; Ruther, P.; Schaller, T.; Zissler, W.  
*Micromolded easy-assembly multi fiber connector: RibCon.*  
4th Internat.Workshop on High-Aspect-Ratio Micro-Structure Technology (HARMST 2001), Baden-Baden, June 17-19, 2001  
Microsystem Technologies, 8(2002) S.83-87
