

Upcell Alliance – European Battery Manufacturing Alliance

292-312 Cours du 3ème Millénaire

69800 SAINT PRIEST France

Award Certificate

It is hereby certified that **Noah Keim**, with ID Number L8H7GCKKY, born on August 9, 1998, in Waiblingen, Germany, has been officially awarded with the **2025 Upcell Young Scientist Award** for his outstanding PhD presentation on NaCMC binder systems for Li-ion batteries. This award recognizes his exceptional work, originality, and contribution to academic and technological knowledge within the battery sector.

The award was presented during the Upcell Alliance event, held on June 26-27, 2025 in Barcelona, Spain.

Claude Laperiere,

President of Upcell Alliance
